

6th WNPRC Lab Animal Medicine and Pathology Seminar with International Mock-ACLAM Exam*

3/11/20

Dear all,

Thanks for your interest to the 6th WNPRC Lab Animal Medicine and Pathology Seminar. Due to the recent developments related to the COVID-19, institutional traveling restrictions, etc., we have decided to **continue** with the seminar, but it will be delivered via teleconference (WebEx, GoToMeeting, Zoom or similar TBD).

The decision to do cancel the seminar and instead to continue via electronic distribution has been kindly accepted by our speakers. Additionally, the International Mock Examination exam will be also distributed electronically to the attendees.

For everyone also looking to have CE credits the University of Wisconsin Vet School, will be also providing an electronic registration and form of payment the CE credits (*\$22.50).

Disclaimers: The Seminar will not be recorded; handouts of the materials are optionally provided by the speakers and they will not be the same as the presentations.

A link for the electronic registration and the CE (*optional) will be sent to you in the next two weeks in addition to the link to reach the teleconference.

Thank you to all the attendees and speakers,

Rebekah Franklin and Andres Mejia
