About Us

Australian Society for Veterinary Pathology (ASVP)

ASVP is the leading national society representing the Veterinary Pathology profession in Australia.

Our purpose is to promote the practice of veterinary pathology in improving animal and human health. We help pathologists develop their skills and further their careers by providing access to high calibre professional development and member resources.

The Event

ASVP & DTF Scientific Conference

Co-hosted with our industry partner, The Davis-Thompson Foundation, the 2024 ASVP & DTF Scientific Conference is set to take place in Adelaide (SA) at the Hotel Grand Chancellor, 13-15 September 2024.

This year's theme is the Urinary System. We are delighted to announce the engagement of high-calibre international and national speakers that cover the specialities of internal medicine, clinical pathology and anatomic pathology. The program will have a case-based collaborative approach with audience participation encouraged, and will appeal to anatomic and clinical pathologists interested in both small and large animal species, as well as internal medicine specialists or residents.

13-15 SEPTEMBER, 2024

Additionally, you will have the opportunity to attend two social events. Take advantage of 'Happy Hour' with our expert panel to ask all of those burning questions, or network with colleagues during the conference dinner.

Key reasons to attend:

- be part of a unique and interactive program that engages both parts of pathology - clinical and anatomical, using a case-based approach
- collegiality - the conference is a great way to catch up with old friends, make news ones, and network over jobs
- explore Adelaide & surrounds - whilst retaining the flavour of a big country town, Adelaide also manages to be cosmopolitan, vibrant and interesting.

SOCIAL

HAPPY HOUR & EXPERT PANEL

This year's "happy hour" event will include an interactive expert panel discussion on a range of hot topics. After a chance to meet, mingle, and network, our panel will sit down for a light-hearted informal back and forth with the attendees on anything that may have been raised during the day, or perhaps you have questions or observations about veterinary pathology issues you wish to pose.

Register to attend as part of the conference or as a single evening event. Attendance will provide the opportunity to socialise with friends, network with delegates, and meet the experts.

Questions can be asked during the session or provided in advance.

Friday, 13 September 2024
\$65.00 per person

CONFERENCE DINNER @ MRS Q

The Conference Dinner will take place at Mrs Q. Taking on a grand location in the thick of Adelaide's cultural food hub, Mrs Q is the city's most exciting mod-Asian Cuisine and Bars.

Set in the historic Loft Wine Bar at 128 Gouger Street – a one-time ballroom filled with Adelaide's socialites, entrepreneurs and pioneering visionaries – Mrs Q's bold, colourful yet refined flavours are at home amongst the venue's distinctive barrel vault and art deco ceilings. Patrons savour a New York state-of-mind in a dining experience that's deliciously 'one night in Bangkok'.

Beverages are not included in the price of the dinner so you will be able to order and pay for your own favourite "tipple".

Saturday, 14 September 2024
\$70.00 per person
