

*Position announcement:***Assistant/Associate/Full Professor (Clinical Track) in Veterinary Anatomic Pathology
Department of Comparative Pathobiology & Animal Disease Diagnostic Laboratory****Job Summary**

Position: The Department of Comparative Pathobiology (CPB) and the Animal Disease Diagnostic Laboratory (ADDL) at Purdue University College of Veterinary Medicine are seeking a full-time (12-month) Veterinary Anatomic Pathologist. ADDL is a full-service, AAVLD-accredited, NAHLN Level 2 diagnostic laboratory. There are ten board-certified anatomic pathologists in the CPB department, with six participating in the diagnostic efforts of the ADDL.

- Clinical Track Assistant/Associate/Full
- Academic rank and compensation will be commensurate with academic record and experience.

Qualifications:

- DVM or equivalent degree
- Board certification or eligibility by the American or European College of Veterinary Pathologists (ACVP or ECVP)
- Service-oriented, client-focused diagnostician with excellent interpersonal, written and oral communication skills and demonstrated ability to work with colleagues, laboratory staff and others affiliated with the mission of the diagnostic laboratory and department

Responsibilities:

- 1) Diagnostic Service – Perform diagnostic pathology duties, including necropsies and biopsies with histopathologic examinations of these cases, writing reports, and consultation and advice to clinical veterinarians, producers, and owners
- 2) Teaching – Participate in teaching DVM and Veterinary Nursing students and training of residents/graduate students.
- 3) Research – Maintain a program of scholarly activities, which may include participation in collaborative research, providing continuing education/outreach to ADDL constituencies, presentations at local, regional, and/or national meetings, and publication in peer-reviewed journals.
- 4) Academic service is expected to include but is not limited to, departmental, college, and university committees; professional organizations; and editorial or grant review panels.

Application Process

To be considered, each application should include:

- Curriculum vitae

- Summary/statement of teaching and diagnostic service experiences and scholarly activities
- Names and contact information of three professional references

Review of applications is ongoing and will continue until the position is filled. The start date will be negotiable. A background check is required for employment in this position. Applicants needing more information are encouraged to contact Dr. Wilson-Frank, Chair of the Search Committee, at wilsonc@purdue.edu. To apply, please upload the required documents to the following link:

About the Lafayette/West Lafayette area

Lafayette is the county seat of Tippecanoe County, sitting on the bank of the Wabash River. The twin cities (West Lafayette and Lafayette) have a combined population of about 125,000, excluding Purdue University students. West Lafayette is a friendly and nurturing small Midwestern town with a vibrant, diverse community. The city and campus are located 63 miles northwest of Indianapolis and 125 miles southeast of Chicago, also giving you easy access to the bigger city life and its amenities.

About Purdue University

Purdue is a major public research institution known for top-notch facilities for learning, research and innovation. Ranked in each of the last four years as one of the 10 Most Innovative Universities in the United States by U.S. News & World Report, Purdue delivers world-changing research and out-of-this-world discovery.

Purdue University is an EOE/AA employer. All individuals, including minorities, women, individuals with disabilities, and veterans, are encouraged to apply.
